### **Product Description**

## **Toro Flex Force 60V MAX Battery String Trimmer - 51830**

The Toro 60V Max 16-in Brushless String Trimmer (Battery manufacturer rating = 60V maximum & 54V typical usage. Actual voltage varies with load) lets you choose either 14-in of whippin' or 16-in of whoopin' which means you get to accelerate performance and productivity whenever you want. Unlike the other guys, ours comes standard with a pro-grade 0.095-in line that can handle the thickest grass and toughest weeds. You choose the speed that's right for the job. Brushless motor with RunSmart onboard intel optimizes RPMs and torque in real time, for peak cutting performance in the toughest conditions. As part of the Toro 60V Max Flex-Force Power System, it's got power like no other that commands a full line of tools. Count on it.

### **Features:**

- Up to 60 minutes of runtime with 2.5 Ah battery (varies with usage condition)
- Pro-grade 0.095-in line with quick-feed, no spools, and customizable performance length between 14-in to 16-in cuts
- Variable speed and high/low selector for ultimate control based on the job at hand
- Cast-aluminum motor head built to take a beating when you're weeding
- Ergonomic comfort grip handle-for easy gripping and less vibration
- Optimized weight balance makes it more comfortable to hold and easier to maneuver
- 3-phase brushless motor with RunSmart™ technology for increased runtime and optimized performance
- Innovative "3P" battery stack design gives you 3 times the power with higher max performance
- Use the 60V Max Flex-Force battery to power any and all of the Toro interchangeable tools in the Flex-Force all-season lineup, including commercial-grade handheld tools, walk mowers, and snow blowers
