Product Description

DR Power Leaf and Lawn Vacuum PREMIER 240

The PREMIER 240 model has all the same features and the same awesome suction power as our larger PRO models in a scaled down version for smaller to medium sized properties. Collect 240 gallons before unloading. The PREMIER 240 holds up to 240 gallons of leaves, grass clippings, and other lawn debris. Its aggressive shredding action lets you work for long stretches without emptying the reservoir.

The powerful 6.6 HP (9.59 ft-lbs gross torque) OHV engine, in combination with the massive Shark-Teeth impeller, creates tremendous airflow that virtually eliminates clogs and leaves your lawn beautifully free of debris.
