- ATP Fenders

Black Painted Frame •

- One Piece All-Aluminum Roof

Zinc Door Hardware • •

Bonded Smooth Exterior

2' V-Nose

Description

While we're partial to all aluminum up here in the north, we know it's not for everyone. The Legend Cyclone (STV) offers the same fit and finish craftsmanship you've come to expect from Legend on a steel frame chassis. You'll find cheaper tin cans out there, but we dare you to compare feature by feature our Cyclone STV to any other steel cargo on the market. Cyclone Steel V-Nose | Tandem Axle | Product Guide PDF STANDARD SIZES Tandem Axle: 7x14, 7x16, 7x18, 7x20, 7x22 G.V.W.R. Tandem Axle: 7,000# - 9,990# COMMON USES General Cargo, ATV/UTV, Powersports, Lawn & Landscape, Construction MANUFACTURERS LIMITED WARRANTY Structural: 2 Years Aluminum Roof: 25 Years
